ABOUT THE MEETING

On August 17, 2023, the Automobile Insurance Rate Board (AIRB) conducts its Annual Review on the state of the automobile insurance industry in Alberta. The open meeting will take place virtually by video conference on Zoom.

This open meeting will include presentations by the AIRB's consulting actuary, the AIRB Consumer Representative, and industry stakeholders.

The AIRB may also receive written submissions from stakeholders. These comments will inform the AIRB's 2023 Industry Benchmark Schedule for private passenger vehicles.

About AIRB

AIRB's vision for that automobile insurance to be accessible, equitable and sustainable for all Albertans.

AIRB's mission is to independently regulate automobile insurance rating programs and educate consumers to ensure Albertans have access to a robust automobile insurance market.
