

# Notice to Interested Parties

## Semi Annual Review of Industry Experience as of June 2023 for Private Passenger Vehicles

### Notice 02-2024

### January 26, 2024

#### Purpose

The Automobile Insurance Rate Board (AIRB) is issuing this notice to advise all interested parties the AIRB has commenced consultation on its 2024 semi-annual review for private passenger vehicles (PPV). This review analyzes industry loss experience as of June 2023 for PPV to establish Industry Benchmarks used in the review of insurers' rate filings for basic and additional coverage effective April 1, 2024.

#### Background

Section 9 of the Automobile Insurance Premiums Regulation requires the AIRB to conduct an annual review. In addition, the AIRB conducts a semi-annual review to use the most current available data in its review of rate filings. This semi-annual review is conducted in accordance with AIRB Policy [P05- Review of Automobile Insurance Trends & Premiums](#).

The AIRB develops Industry Benchmarks to support insurers when preparing rate filings. The AIRB and its consulting actuary use the Industry Benchmarks as a reference when reviewing individual insurer' filings and opining on the assumptions' reasonableness. The insurer's data must support assumptions that vary significantly from industry experience. The AIRB expects insurers to use their own data in rate filings to the extent possible, reflecting their mix of business and unique circumstances. Insurers may use the AIRB Industry Benchmarks when they do not have sufficient data or cannot support their assumptions' reasonableness.

#### Process

- 1 The AIRB requests its consulting actuary, Oliver, Wyman Limited, to complete a first draft Review of Industry Experience (as of June 30) for PPV, once the data is available.
- 2 The AIRB reviews and approves the preliminary report for distribution on AIRB website.
- 3 The AIRB posts the preliminary report on its website and invites interested parties to submit written submission on the report.  
 This Notice initiates the consultation process and provides a timeline for providing input to the AIRB.
- 4 The AIRB staff and consulting actuary review all written submissions, and the consulting actuary updates their report, as needed, based on new information received, and submits a final report to the AIRB.
- 5 The AIRB reviews and approves the final report and issues a Bulletin advising the industry benchmarks to be used as a guide in its review of insurers' rate filings effective April 1.

#### Important Dates:

- |   |                   |   |
|---|-------------------|---|
| 1 | January 26, 2024  | AIRB posts the Preliminary Review of Industry Experience to its website                 |
