## ABOUT THE MEETING

On August 14, 2025, the Automobile Insurance Rate Board (AIRB) conducts its Annual Review open meeting on industry experience with respect to loss cost and expense trends in Alberta. The open meeting will take place virtually by video conference on Zoom.

This open meeting will include presentations by the AIRB's consulting actuary, the AIRB Consumer Representative, and industry participants.

The AIRB may also receive written submissions from interested parties. These comments will inform the AIRB's 2025 Industry Benchmark Schedule for private passenger vehicles.

For information about the AIRB visit
